**Subject: Letter of Recommendation in Supporting Dr. Peter Fritz Walter**

**To Whom It May Concern:**

I am writing this unqualified letter of recommendation of **Dr. Peter Fritz Walter**.

I have come into contact with Dr. Walter during his stay in which he has leased one of our units with our S.T Exclusive Serviced Apartments. He currently remains with us. To our delight, Dr. Walter has been one of the most pleasant, friendly, kindest, and warmest tenants we have.

As I myself am a lawyer and also a law professor, we have shared certain interests and have developed a close relationship; in which we have in several occasions exchanged our insights and experiences. Dr. Walter has generously provided me a number of copies of the books he wrote and I must admit that that is certainly a privilege for me. I have benefited from his interaction as some of his experiences could be applied with a goal of improving our business and work. My encounter with Dr. Water has brought me a conclusion that he is a great intellectual and a very experienced professional.

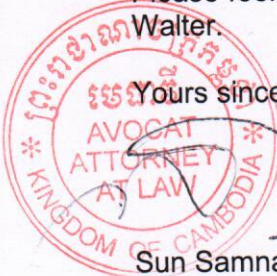

Dr. Walter has been one of the kindest persons we have met. He has treated our staff members and people who have come into his contact with respect, great courtesy, and generosity indiscriminately including receptionist, housekeeping staff, IT, mart clerk, guard, and taxi driver. Our staff members have displayed their pleasure in working with Dr. Walter and he has returned them a favor beyond our and their expectation.

Dr. Walter has also in certain instances developed a good relationship with members of our community and neighborhood; which he also inspired me to attend good deeds

I strongly believe that he is providing an excellent service as a coach, given his understanding of human nature, his long experience as a corporate trainer and seminar teacher, and his kind personality. I am giving him my highest recommendation and best support in his future endeavors he wishes to pursue.

Please feel free to contact me directly should if you have any further questions about Dr. Walter.

Yours sincerely,

Sun Samnang
